Declaration of compliance with:

These products comply with Regulation (EC) No. 10/2011 (as amended)
These products comply with Regulation (EC) No. 1935/2004 (as amended)
These products comply with Regulation (EC) No. 2023/2006 (as amended)

These PLA items have been manufactured only with monomers, other starting substances and additives that are authorised under Regulation (EC) No. 10/2011.

Information about the compliance of substances used that are subject to any restriction or specification:

Compliance with overall migration limit	Overall migration is below 10mg/dm2 under standard testing conditions laid down in Regulation (EC) No. 10/2011. Additional information can be provided on request.

No individual substances were used that have a specific migration limit.

Information about the compliance of substances subject to purity criteria:
There are no substances subject to purity criteria.
There are no substances subject to restrictions apart from the overall migration limits.

Information about the use of "dual-use" additives in the material:
No dual use additives were used in the manufacture of this product.

Conditions of use:

- **Type(s) of food with which it is intended to be put in contact**
  All foods.
- **Time and temperature and storage while in contact with the food**
  The items can be used up to 100°C for two hours. The products are not suitable for deep-freezing.
- **The ratio of food contact surface area to volume used to establish the compliance of the material or article.**
  The compliance testing was done under conditions set out in Regulation (EC) No. 10/2011 using a surface to volume (s/v) contact ratio of 6 dm^2/kg.

Functional barrier:
There is no functional barrier present.
